

Long Bay House

Long Bay House has handsome tongue and groove wood living areas, cathedral ceilings, a library and magnificent views of Long Beach, Pelican Cay and the Atlantic Ocean.

It includes a full sized fully equipped kitchen, a dining room with seating for eight, and a screened in porch offering additional seating and dining areas. There are two master bedrooms, each with its own bathroom, and one of the master bedrooms has a bunk room with two twin beds.

Long Bay House is positioned 20' above sea level allowing for year round sea breezes, but the bedrooms are air-conditioned, just in case. The house includes satellite television, DVD player, wireless internet, and local telephone service.

When you rent Long Bay House you will also enjoy 2 acres of tropical foliage, including fruit trees, as well as a salt water pool. In-pool seating on three sides of the pool makes it a great place to sit and enjoy an evening cocktail. The pool is surrounded by a large open deck area for relaxing in the sun.

Overlooking the pool is an observation tower from where you can take in the 360 degree view of the island and enjoy sunsets.
